Nursing equivalency for Continuing Education: 1 CME = 1 contact hour.

Conference Location
Hilton Oak Lawn, 9333 South Cicero Avenue, Oak Lawn, IL

Conference Objectives – Obstetrics:
At the conclusion of the program the participants will be able to:
1. Review the effects of the thermal environment on neonatal mortality.
2. Discuss future directions for hypothermia therapy.
3. Describe ways to improve success with human milk.
4. Propose treatment for Vitamin D deficiency.
5. Identify the role of teamwork and communication and the use of checklists to improve resuscitation performance.
6. Demonstrate the SUPPORT results with the NEO-PROM studies and discuss the current best evidence for oxygen monitoring of preterm infants.

Conference Objectives – Neonatal:
At the conclusion of the program the participants will be able to:
