A history of preeclampsia increases future risks of high blood pressure, heart attacks, stroke, blood clots, and kidney disease seven times.

Join special guest cardiologists Dr. John P. Reilly & Dr. Herbert Aronow @scai to discuss Heart Health 4 Moms.

Thur. May 16, 1:00 pm ET #PreAM13

The Promise Walk for Preeclampsia® will be held in 44 locations in 2013. http://www.promisewalk.org
